

Alpine Satellite Development Plan
Draft Environmental Impact Statement

Index

Affected Environment

Section 3.0 is devoted to describing the Affected Environment.

Aquatic Environment

See Water Resources; Surface Water Quality.

See also Section 4G, Other Impact Considerations.

Atmospheric Environment

See Climate and Meteorology; Air Quality; Noise.

See also Section 4G, Other Impact Considerations.

Air Quality

Description of Affected Environment: 3-36

Effects

Summary: s-9

Effects of Alternative A: 4A.2-42

Effects of Alternative B: 4B.2-19

Effects of Alternative C: 4C.2-17

Effects of Alternative D: 4D.2-18

Cumulative Effects: 4F-24

See also Section 4G, Other Impact Considerations.

Authorities

Lead Agency: 1-3

Cooperating Agency: 1-3

Other Agencies: 1-5

See also Appendix C, Federal and State Laws, Regulations and Policies Applicable to the ASDP.

See also Section 4G, Other Impact Considerations.

Alternatives

Development of Alternatives

Overview: 2-2

CPAI Development Plan Alternatives: 2-2

Full-Field Development Plan Concept: 2-4

Common Project Features

Roads: 2-7

Pipelines: 2-9

Production Pads: 2-13

Oil Spill Prevention, Detection, and Response: 2-20

Gravel Mines: 2-24

Airstrips: 2-25

Off-Road Travel: 2-26

Boat Ramps and River Access: 2-27

Bridges and Culverts: 2-28

Traffic: 2-30

Utilities: 2-31

Processing Facilities: 2-35

Project Specific Procedures: 2-38

Description of

Alternative A: 2-39

Alternative B: 2-52

Alternative C: 2-59

Alternative D: 2-68

Comparison of Features: 2-81

Alternatives Considered but Eliminated from Detailed Analysis: 2-90

Comparison of Impacts: 2-93

Need for further NEPA Analysis: 2-106

Inspection and Monitoring: 2-106

ANILCA (Alaska National Interest Lands Conservation Action)

See Appendix B, ANILCA Section 810 Analysis of Subsistence Impacts.

Birds

Description of Affected Environment: 3-73

Effects

Summary: s-12

Effects of Alternative A: 4A.3-30

Effects of Alternative B: 4B.3-18

Effects of Alternative C: 4C.3-20

Effects of Alternative D: 4D.3-19

Cumulative Effects: 4F-32

See also Endangered and Threatened Species for information on the spectacled eider and Steller's eider.

See also Appendix E, BLM Sensitive Species List for Alaska.

See also Section 4G, Other Impact Considerations.

Biological Resources

See Terrestrial Vegetation and Wetlands; Essential Fish Habitat; Fish; Birds; Mammals; Threatened and Endangered Species.

See also Section 4G, Other Impact Considerations.

Bowhead Whale

See Threatened and Endangered Species.

See also Section 4G, Other Impact Considerations.

Climate and Meteorology

Description of Affected Environment: 3-32

Effects

Summary: s-9

Effects of Alternative A: 4A.2-41

Effects of Alternative B: 4B.2-19

Effects of Alternative C: 4C.2-17

Effects of Alternative D: 4D.2-17

Cumulative Effects: 4F-25

See also Section 4G, Other Impact Considerations.

Consultation and Coordination

Preview: 5-1

Scoping: 5-1

Newsletters: 5-2

Government-to-Government Consultation: 5-2

Agencies and Organizations Contacted during Scoping: 5-4

List of Preparers: 5-8

Cultural Resources

Description of Affected Environment: 3-166

Effects

Summary: s-20

Effects of Alternative A: 4A.4-32

Effects of Alternative B: 4B.4-5

Effects of Alternative C: 4C.4-5

Effects of Alternative D: 4D.4-5

Cumulative Effects: 4F-74

See also Section 4G, Other Impact Considerations.

Endangered and Threatened Species

Description of Affected Environment: 3-116

Effects

Summary: s-15

Effects of Alternative A: 4A.3-81

Effects of Alternative B: 4B.3-40

Effects of Alternative C: 4C.3-42

Effects of Alternative D: 4D.3-44

Cumulative Effects: 4F-47

See also Appendix E, BLM Sensitive Species List for Alaska.

See also Section 4G, Other Impact Considerations.

Environmental Justice

Description of Affected Environment: 3-164

Effects

Summary: s-19

Effects of Alternative A: 4A.4-25

Effects of Alternative B: 4B.4-5

Effects of Alternative C: 4C.4-5

Effects of Alternative D: 4D.4-4

Cumulative Effects: 4F-71

See also Section 4G, Other Impact Considerations.

Essential Fish Habitat

Description of Affected Environment: 3-164

Effects

Summary: s-11

Effects of Alternative A: 4A.3-29

Effects of Alternative B: 4B.3-17

Effects of Alternative C: 4C.3-18

Effects of Alternative D: 4D.3-19

Cumulative Effects: 4F-6

Fish

Description of Affected Environment: 3-46

Effects

Summary: s-11

Effects of Alternative A: 4A.3-19

Effects of Alternative B: 4B.3-13

Effects of Alternative C: 4C.3-13

Effects of Alternative D: 4D.3-14

Cumulative Effects: 4F-29

See also Section 4G, Other Impact Considerations.

Geology

Description of Affected Environment: 3-5

Effects

Summary: s- 6

Effects of Alternative A: 4A.2-3

Effects of Alternative B: 4B.2-2

Effects of Alternative C: 4C.2-2

Effects of Alternative D: 4D.2-2

Cumulative Effects: 4F-19

See also Section 4G, Other Impact Considerations.

Hazardous Materials

Existing: 3-

See also Oil, Seawater, and Hazardous Materials Spills.

Land Uses and Coastal Management

Description of Affected Environment: 3-180

Effects

Summary: s- 21

Effects of Alternative A: 4A.4-34

Effects of Alternative B: 4B.4-6

Effects of Alternative C: 4C.4-6

Effects of Alternative D: 4D.4-5

Cumulative Effects: 4F-76

See also Section 4G, Other Impact Considerations.

Laws and Regulations

See Appendix C, Federal and State Laws, Regulations and Policies Applicable to the ASDP.

Mammals

Description of Affected Environment: 3-97

Effects

Summary: s-13

Effects of Alternative A: 4A.3-56

Effects of Alternative B: 4B.3-32

Effects of Alternative C: 4C.3-34

Effects of Alternative D: 4D.3-37

Cumulative Effects: 4F-38

See Endangered and Threatened Species for information on the Bowhead Whale.

See also Section 4G, Other Impact Considerations.

Mitigation Measures

Existing and Potential: 4.2-2

See also Sections 4A through 4D for potential mitigation measures by resource area.

See also Appendix D, Northeast National Petroleum Reserve-Alaska Integrated Activity Plan/Environmental Impact Statement – Record of Decision, for descriptions of existing stipulations.

NPR-A

See Appendix D, Northeast National Petroleum Reserve-Alaska Integrated Activity Plan/Environmental Impact Statement – Record of Decision, for descriptions of existing stipulations.

Noise

Description of Affected Environment: 3-40

Effects

Summary: s-10

Effects of Alternative A: 4A.2-46

Effects of Alternative B: 4B.2-20

Effects of Alternative C: 4C.2-18

Effects of Alternative D: 4D.2-18

See also Section 4G, Other Impact Considerations.

Oil, Seawater, and Hazardous Materials Spills

Background: 4.3-5

Summary of Impacts

Very Small to Large Spills: 4.3-22

Very Large Volume Spills: 4.3-40

Mitigation Measures: 4.3-47

Cumulative Effects: 4F-3

See also Section 4G, Other Impact Considerations.

Paleontological Resources

Description of Affected Environment: 3-9

Effects

Summary: s-7

Effects of Alternative A: 4A.2-7

Effects of Alternative B: 4B.2-5

Effects of Alternative C: 4C.2-5

Effects of Alternative D: 4D.2-5

Cumulative Effects: 4F-21

See also Section 4G, Other Impact Considerations.

Physical Characteristics

See Physiography; Geology; Soils and Permafrost; Sand and Gravel; Paleontological Resources; Water Resources; Surface Water Quality; Climate and Meteorology; Air Quality; Noise.

See also Section 4G, Other Impact Considerations.

Physiography

Description of Affected Environment: 3-4

Effects

Summary: s-5

Effects of Alternative A: 4A.2-1

Effects of Alternative B: 4B.2-1

Effects of Alternative C: 4C.2-1

Effects of Alternative D: 4D.2-1

Cumulative Effects: 4F-18

See also Section 4G, Other Impact Considerations.

Plan Area

Background: 1-19

Leases: 1-19

Oil Exploration and Development in the Plan Area: 1-20

Tiering: 1-21

Proposed Action

Section 4A is devoted to describing the impacts associated with the Proposed Action.

Development of Alternative A: 2-2

Description of Alternative A: 2-39

Purpose and Need of Proposed Action: 1-1

See also Section 4F, Effects of the Cumulative Case.

Purpose and Need

Section 1.1 is devoted to describing the Purpose and Need of the Proposed Action.

Recreation Resources

Description of Affected Environment: 3-187

Effects

Summary: s-22

Effects of Alternative A: 4A.4-45

Effects of Alternative B: 4B.4-12

Effects of Alternative C: 4C.4-12

Effects of Alternative D: 4D.4-11

Cumulative Effects: 4F-77

See also Section 4G, Other Impact Considerations.

Regional Economy

Description of Affected Environment: 3-134

Effects

Summary: s-17

Effects of Alternative A: 4A.4-6

Effects of Alternative B: 4B.4-1

Effects of Alternative C: 4C.4-1

Effects of Alternative D: 4D.4-1

Cumulative Effects: 4F-56

See also Section 4G, Other Impact Considerations.

Sand and Gravel

Description of Affected Environment: 3-8

Effects

Summary: s-6

Effects of Alternative A: 4A.2-6

Effects of Alternative B: 4B.2-4

Effects of Alternative C: 4C.2-4

Effects of Alternative D: 4D.2-4

Cumulative Effects: 4F-20

See also Section 4G, Other Impact Considerations.

Sensitive Species

See Endangered and Threatened Species.

See also Appendix E – BLM Sensitive Species List for Alaska.

Social Systems

See Socio-Cultural Characteristics; Regional Economy; Subsistence; Environmental Justice; Cultural Resources; Land-Uses and Coastal Management; Recreation Resources; Visual Resources; Transportation.

Socio-Cultural Characteristics

Description of Affected Environment: 3-125

Effects

Summary: s-16

Effects of Alternative A: 4A.4-1

Effects of Alternative B: 4B.4-1

Effects of Alternative C: 4C.4-1

Effects of Alternative D: 4D.4-1

Cumulative Effects: 4F-53

See also Section 4G, Other Impact Considerations.

Soils and Permafrost

Description of Affected Environment: 3-7

Effects

Summary: s-6

Effects of Alternative A: 4A.2-4

Effects of Alternative B: 4B.2-3

Effects of Alternative C: 4C.2-3

Effects of Alternative D: 4D.2-3

Cumulative Effects: 4F-19

See also Section 4G, Other Impact Considerations.

Spectacled Eider

See Threatened and Endangered Species.

See also Section 4G, Other Impact Considerations.

Steller's Eider

See Threatened and Endangered Species.

See also Section 4G, Other Impact Considerations.

Subsistence

Description of Affected Environment: 3-138

Effects

Summary: s-18

Effects of Alternative A: 4A.4-16

Effects of Alternative B: 4B.4-2

Effects of Alternative C: 4C.4-2

Effects of Alternative D: 4D.4-2

Cumulative Effects: 4F-58

See also Appendix B, ANILCA Section 810 Analysis of Subsistence Impacts.

See also Appendix A, Public Testimony/Traditional Knowledge by Resource.

See also Section 4G, Other Impact Considerations.

Surface Water Quality

Description of Affected Environment: 3-27

Effects

Summary: s-8

Effects of Alternative A: 4A.2-31

Effects of Alternative B: 4B.2-17

Effects of Alternative C: 4C.2-16

Effects of Alternative D: 4D.2-16

Cumulative Effects: 4F-22

See also Section 4G, Other Impact Considerations.

Terrestrial Environment

See Physiography; Geology; Soils and Permafrost; Sand and Gravel; Paleontological Resources.

See also Section 4G, Other Impact Considerations.

Terrestrial Vegetation and Wetlands

Description of Affected Environment: 3-44

Effects

Summary: s-10

Effects of Alternative A: 4A.3-1

Effects of Alternative B: 4B.3-1

Effects of Alternative C: 4C.3-1

Effects of Alternative D: 4D.3-1

Cumulative Effects: 4F-28

See also Section 4G, Other Impact Considerations.

Traditional Knowledge

See Appendix A, Public Testimony/Traditional Knowledge by Resource

Transportation

Description of Affected Environment: 3-194

Effects

Summary: s-22

Effects of Alternative A: 4A.4-52

Effects of Alternative B: 4B.4-13

Effects of Alternative C: 4C.4-13

Effects of Alternative D: 4D.4-12

Cumulative Effects: 4F-79

See also Section 4G, Other Impact Considerations.
